Dec. 1 - Dec. 29

## AC1

The winter season is here! What an exciting time for our children! December, a month filled with love, humanity and gift giving events. This month we will make couple of crafts that will truly reflect all the festiveness and jolliness of the season.

1. Heart shaped penguin.
2. Snowmen on sticks.
3. Crafty mittens.
4. Candy canes.

## AC2

The month of December has a lot that goes on in many cultures. We are going to spend some time learning about different traditions from several countries. I am going to send a letter home asking the parents to share a tradition that they celebrate and ask the students if they want to share their traditions with the class. It's going to be an exciting time! Parents are welcome to come join the fun on the last Wednesday of school before break.

## AC3

- Borax Crystal Snowflakes
- Singing reindeer Craft
- Make Edible Snowman
- Holiday Music Lesson
- Gingerbread Houses

## AC4

We can always be found in the tech lab on Wednesdays. This month they will be doing magic, Lego architecture, games, cards, set design, drawing contest, comic creators, quick sentence balls, etc.

## Before Care
