Topics of Discussion

The purpose of the SAC is to gather and analyze data from student testing and family surveys. Using this data, develop the UIP (Unified Improvement Plan) for submission to the district.

Election of SAC Chair Suzanne Schaefer, Secretary David Wells. Up coming SAC and BoD training outlined.

UIP expected submission date in February, end of November set as FHM SAC goal for UIP completion.

Discussion of what testing data is available now and when other data will be available. Kresta and Bree shared the data that is available. Some data will not provide much longitudinal information as the testing has changed. Some testing data will need editing and manipulation. Amy will do spreadsheet entry, Bree will make the MAPS and Dibels data available. Morgan will develop graphs using the data.

The WE (Welcoming Environment) survey was addressed for changes. The question regarding the reason for choosing FHM was edited to include less options. Copies of previous two surveys were handed out for editing prior to next meeting.

Future meetings for the development of the UIP were set. The next meeting is Sept 30th from 5:30-7:00pm. Meetings will follow every two weeks on Oct 14th, Oct 28th, and Nov 11th.
